

2026 Student Resource Scheme – Year 10

Dear Parent/Carers

This letter includes important information about the fees and inclusions for the Student Resource Scheme (SRS). If you have previously opted in to the SRS your participation is assumed for the remainder of your child's enrolment, unless you inform the school otherwise by completing a new participation agreement form. If you are a new parent to the school, this information will assist you in deciding as to whether you wish to participate in the SRS. If you are a new parent to the school, please complete and return the Participation Agreement form.

What is provided by the Queensland Government?

The Queensland Government supports children's education by providing funding for instruction (teachers), facilities (school grounds and buildings, internet), and administration (staff to run the school). Funding for schools does not extend to individual student resources such as textbooks, equipment for personal use, and many items used by the student in the classroom.

The SRS helps parents to source these resources. The school can purchase resources at lower rates due to its bulk buying power. Resources such as textbooks or musical instruments that will be used over a period are hired to students to further reduce costs for families. Participating in the SRS also offers a convenient way for parents to source the items that their child needs for school and ensures that all students have access to the same standard of resources.

The types of resources that will be included are:

Owned by the student – e.g. printing credit, student ID card

Hired to the student for a specific duration of time – e.g. textbooks or musical instruments
–these items will need to be returned to the school in reasonable condition at the end of the hire period or if the student leaves the school.

Used in class – e.g. stationery, timber, material, workbooks – these items will be used in class. Finished products that are created from these resources will generally come home with the student.

The Fee

The Rosewood State High School Student Resource Scheme has been endorsed by the P&C and is a flat fee for Years 7 - 12 students.

If you are not satisfied that the SRS fee represents good value for money based on the inclusions (over the page), you may choose not to participate in the SRS. If that is the case, please complete a new Participation Agreement Form, indicating that you no longer wish to participate. If you choose not to participate, you will be provided with a detailed list of resources that you will need to provide for the student.

The TRA

The Department of Education provides a Textbook and Resource Allowance (TRA) to assist parents with the cost of textbooks and other education resources for eligible Years 7 to 12 students. For those students who are eligible to receive the TRA, the TRA will be applied to reduce the cost of participation as shown in the table below. The SRS invoice you receive will be the full cost of participation in the SRS minus the TRA already held at the school.

Cost Breakdown

The diagrams below reflect how the TRA has been deducted from the SRS fee for eligible students who have opted in to the Curriculum SRS.

Cost of Items		School Contribution		SRS per student
\$2,747.00	—	\$2,190.00	=	\$557.00
SRS per student		TRA		Parent Contribution
\$557.00	—	\$357.00	=	\$200.00

If you have opted to pay the SRS by term instalments you will receive an invoice for the full amount and term instalments of \$50.00 will be due on the following dates: 27/2/26, 15/5/26, 7/8/26, 30/10/26.

Financial Difficulty

If you would like to participate, but are experiencing financial difficulties, please contact the Finance Office on 5461 9400 or email - admin@rosewoodshs.eq.edu.au to discuss payment options. Any information that you provide will be confidential.

Release of resources

Resources will not be distributed until the full or first payment has been paid to the school. Any unpaid invoices will be managed according to the department's Debt Management Procedure and may result in the student being excluded from the scheme and/or from participating in extra-curricular activities until payments are made.

Return of hired resources

A repair or replacement cost will be charged to the parent for any items that are damaged or not returned.

The Curriculum Student Resource Scheme Inclusions

The Curriculum Student Resource Scheme (SRS) is made up of two components. The components are general items and resources for core and elective subjects. Refer to the table below for these components.

Rosewood State High School operates a *Student Resource Scheme* (SRS) under Education Queensland guidelines.

The scheme aims to provide all students with the necessary resources and associated learning materials at considerable savings to parents. Parents have a choice to participate in the scheme OR privately purchase all the various resources and learning materials. The subject costings in the table above are indicative of the value of resources, materials and consumables received by students during the year. These costings are subject to change.
